# COMPANY PROFILE

## 公司简介

### ZHEJIANG YUGONG COMPLETE EQUIPMENT CO., LTD

#### 浙江渝工成套设备有限公司

#### ADVANCED EQUIPMENT

设备先进

浙江渝工成套设备有限公司是一家集研究探索、设计开发、制造、生产、销售、工程安装、服务于一体的综合性集团化公司，渝工成套设备拥有完善标准化的管理体系、全程运营国际化的管理模式，专业化、自动化、规范化和程序化实体企业。超前的开发意识、专业的团队组合、给客户提供优质满意的服务。总部坐落于浙江泵阀之乡滨海工业园区，渝工成套设备旗下有十五家实体分公司集各个工业所需的电动执行器、气动执行器、阀门、法兰、管件、泵、电器、电缆、环保设备、制氢制氧、海水淡化等成套设备、智能系统、机电一体化的产品。公司拥有先进的柔性生产线、加工中心、CNC数控中心、大型卧式镗床、立车、等离子堆焊、超频真空热处理设备；建立健全了各种工况管线配阀以及机电一体化、智能系统的性能检测和试验台、CAD全球一体化的设计中心及三维立体模拟制造研发设计系统；渝工成套设备引进了核质谱检测仪、直读式光谱分析仪、O型圈抗爆试验台、阀门、法兰、管件、智能一体化弯曲实验台、压力测试试验台、防爆智能检测台、以及各种性能测试；保证了渝工成套设备新产品在研发生产制造于一体科学设备设施中生产出来的所有产品让所有用户用得放心用得舒心。

#### STABLE QUALITY

质量稳定

渝工成套设备主导产品有：智能系统控制阀、调流调压阀、化工专用阀、石油阀、水利阀、电力阀、海水淡化阀、环保成套设备阀、污水处理阀、制药专用阀、液氮超低温阀、超高温阀、各种钛材阀、2205/2507/304L/310S/特殊钢阀、自密封阀、脱硫脱销阀、减温减压装置、铝厂专用阀、以及日标、美标、德标、俄标、电气动阀、法兰、管件、工业自动控制系统、五金、电气电缆以及各种机械产品制造、等系列产品，渝工成套设备产品广泛应用在、水利、电力、环保、排污、楼宇、石油、化工、冶炼、军工、制药、食品、燃气、市政管网等多元化工况系统中。

#### PROFESSIONAL TEAM

专业团队

良好的品牌来自于客户的反馈、享誉阀业的口碑来自于终端用户的信赖，渝工成套设备在董事长的率领下高瞻远瞩、开拓创新、走“产学研”之路，将成为一匹拥有实力、展现活力、充满动力、深具潜力的骏马驰骋阀业与所有新老客户携手共进，共谱凯歌。

Zhejiang Yugong Complete Equipment Co., Ltd. is a comprehensive group company integrating research and exploration, design and development, manufacturing, production, sales, engineering installation and service. Yugong Complete Equipment Co., Ltd. has a perfect standardized management system, an international management model for whole process operation, and a professional, automated, standardized and programmed entity enterprise. Advanced development awareness, professional team composition, provide customers with quality and satisfactory services. The headquarters is located in the Binhai Industrial Park, the hometown of pumps and valves in Zhejiang Province. There are 15 entity branches under the Complete Equipment Group of Chongqing Industrial Group, integrating electric actuators, pneumatic actuators, valves, flanges, pipe fittings, pumps, electrical appliances, cables, environmental protection equipment, hydrogen and oxygen production, seawater desalination and other complete equipment, intelligent systems, and electromechanical integration products required by various industries. The company has advanced flexible production lines, machining centers, CNC numerical control centers, large horizontal boring machines, vertical lathes, plasma surfacing, and ultra frequency vacuum heat treatment equipment; It has established and improved pipeline valves under various working conditions, as well as performance inspection and test bench of electromechanical integration and intelligent system, CAD global integration design center and 3D three-dimensional simulation manufacturing R&D design system; The complete set of equipment of Chongqing Industrial Group Co., Ltd. has introduced nuclear mass spectrometer detector, direct reading spectrum analyzer, O-ring explosion-proof test bench, valves, flanges, pipe fittings, intelligent integrated bending test bench, pressure test bench, explosion-proof intelligent test bench, and various performance tests; It ensures that all products produced in the integrated scientific equipment and facilities for R&D, production and manufacturing of new products of complete sets of equipment of Chongqing Industrial Group can be used with ease and comfort for all users.

The leading products of complete equipment of Chongqing Industrial Group include: intelligent system control valve, flow regulating and pressure regulating valve, special chemical valve, petroleum valve, water conservancy valve, electric valve, seawater desalination valve, environmental protection complete equipment valve, sewage treatment valve, special pharmaceutical valve, liquid nitrogen ultra-low temperature valve, ultra-high temperature valve, various titanium valves, 2205/2507/304L/310S/special steel valve, self sealing valve, desulfurization valve, temperature and pressure relief device, special valves for aluminum plants, Japanese standard, American standard German standard, Russian standard, electric valve, flange, pipe fittings, industrial automatic control system, hardware, electrical cable and various mechanical products manufacturing, and other series of products. The complete equipment products of Chongqing Engineering Group are widely used in water conservancy, power, environmental protection, sewage discharge, buildings, petroleum, chemical, smelting, military, pharmaceutical, food, gas, municipal pipe network and other diversified working conditions systems.

A good brand comes from customer feedback, and the reputation of the valve industry comes from the trust of the end users. Under the leadership of the chairman of the board of directors, the complete sets of equipment of Yugong will be forward-looking, pioneering and innovative, and take the road of "production, education and research". It will become a strong, dynamic, dynamic, and potential horse, Chichang Valve Industry, and all new and old customers will work together to achieve a common success.

国际化 GLOBALIZATION

# APPLICATION FIELD 应用领域

公司产品广泛运用于  
石油、化工、天然气、轻工、电力、制药、冶金、  
供水、军工等行业。  
The company's products are widely used in petroleum,  
chemical, natural gas, light industry, power, pharmaceutical, metallurgy,  
water supply, military industry and other industries.

# MARKETING NETWORK

## 营销网络

**浙江渝工成套设备有限公司**现已在全国多个省市建立了完善的产品营销体系，有多家分公司和办事处。同时渝工成套设备也注重开拓国际市场，力求成为全球工业阀门生产商及系统解决综合服务商。

Zhejiang Yugong Complete Equipment Co., Ltd. has established a sound product marketing system in many provinces and cities across the country, with many branches and offices. At the same time, the complete sets of equipment of Chongqing Industrial Group also focus on developing the international market, striving to become a global industrial valve manufacturer and comprehensive service provider for system solutions.
